>> Good morning Maravic, hope all is well. I tried to reach Stacey but she's out of the office till next week. I wanted to know what the process is for pushing back my retirement date one pay period. I'm scheduled to retire tomorrow December 10, 2022. I literally found out last night I could be leaving some money on the table if I retire before December 11th, 2022 due to a new union contract. If it is possible could you or someone push the date back to the following pay period. I'm aware that it will delay my payouts and first retirement checks. Also, I'm out of the country until late next week. My email is working
