

Office of Retirement Services
 Federated City Employees' Retirement System
 Police and Fire Department Retirement Plan

November 25, 2025

Board of Administration:

The member listed below has requested the return of remaining contributions from the Police and Fire Department Retirement Plan. The member ceased Police & Fire contributions on September 13, 2014, due to a service transfer to Federated Retirement Systems but did not officially separate from City service until retirement on April 4, 2024. This later date established his eligibility for the Return of Contribution on the remaining balance due to differing contribution rates between the Police & Fire Plan and Federated Retirement Systems. The member has now met the conditions and provisions relating to Resolution No. 916 of the Board of Administration.
