DATE: August 6, 2024

INFORMATION

On April 16, 2024, the City Auditor presented to the City Council an audit report titled "The Office Has Not Consistently Followed City Procurement Policies and Standard Practices". The audit was conducted in response to direction from the City Council. The report reviewed ORS compliance with City policies and procedures for purchasing and contracting. The Council asked the Office of Retirement Services ("ORS") to provide an informational memo on the timeline for implementation of City Auditor recommendations. The report had one finding and three recommendations.

At the May 16, 2024 Joint Audit Committee, the timeline for implementation of the recommendations was discussed. Trustee Lee requested Staff to return to the audit committee with more details including who is accountable, the commitments and the deadlines for the deliverables. Listed below are the findings and the three recommendations with the information requested.
