

**Brand Name and Sole Source Procurements****5.1.4****PURPOSE**

It is the policy of the City of San Jose to create opportunities for competition to arrive at the most economical price when acquiring supplies, materials, and equipment. However, the City recognizes the operational need for brand name and sole source purchases. This policy outlines the process for requesting a brand name or sole source procurement. The Director of Finance or Chief Purchasing Officer shall determine in writing based on the justification submitted from the requesting department whether a request for a brand name or sole source procurement for supplies, materials, and equipment is appropriate. The justification must include significant costs savings or other significant benefits (i.e. enhanced project timeline, quality, compatibility, functionality etc.) in accordance with the San Jose Municipal Code, Section 4.12.149.

For the purpose of this policy a brand name procurement is the acquisition of supplies, materials, and equipment without allowing any equivalent supplies, materials, or equipment to compete with the specified brand. A sole source procurement is the acquisition of a brand name good from a single source.

**AUTHORITY**

City of San Jose Municipal Code (Section 4.12.240)

**POLICY**

It is the policy of the City of San Jose that Departments develop functional and/or performance requirements for the competitive purchase of supplies, materials, and equipment.

If required, pursuant to the City of San Jose Municipal Code (Section 4.12.240), the City may procure brand name and sole source products for the following reasons:

- For conducting a pilot, field test or experiment to determine the product's suitability for use by City.
- For proper operation or function to match other products with respect to the repair or expansion or completion of a system or program already in use by the City, including, but not limited to, technology purchases required to achieve interoperability with existing hardware, software, systems or programs.
- In order to obtain a necessary item that is available only from one source.
- In order to make an emergency purchase pursuant to Section 4.12.145 of the City's Municipal Code.
- In order to achieve significant cost savings based upon consideration of the following factors:
  - (a) timeliness and quality of installation, repair and maintenance;
  - (b) quality of user training;

**Brand Name and Sole Source Procurements****5.1.4**

- (c) supplies and replacement parts;
- (d) modification of existing equipment, materials or systems;
- (d) future upgrades and updates;
- (e) estimated amount and cost of reasonably foreseeable future purchases of equipment that would be required to be compatible or functional with the product which is the subject to brand name/sole source procurement determination; or
- (g) administrative costs.

If Departments require a brand name or sole source procurement, Departments shall submit a Request for approval of a Brand Name/Sole Source Procurement to Finance. The Director of Finance or designee is required to document the facts reviewed in arriving at the decision for permitting or pursuing a brand name/sole source procurement, the period of time for which it is valid for making purchases, and under what conditions the authorization for brand name/sole source procurement must be reviewed for possible revision.

Purchases of equipment, materials, and supplies shall not be segregated or conducted in a manner for the purpose of avoiding the requirements of the City of San José Municipal Code.

### **PROCEDURES FOR AUTHORIZATION OF BRAND NAME AND SOLE SOURCE PROCUREMENTS**

- |                        |  |
|------------------------|--|
| Requesting Department  | <ol style="list-style-type: none"> <li>1. Determines, after conducting a limited market research and/or identification of operational constraints such as necessary compatibility with existing equipment, documentable cost savings, or time constraints, that a brand name/sole source purchase is warranted and required. While conducting a limited market research with potential vendors, City staff is required to communicate clearly that the collection of information is not related to any procurement activity.</li> <li>2. Submits a completed Brand Name/Sole source Procurement Request Form (see attachment) to Finance/Purchasing. The form shall not be completed by vendors, consultants, or uncompensated parties. For technology related procurements, the requesting Department shall follow applicable processes as approved by the Information Technology Planning Board (ITPB).</li> </ol> |
| Finance/<br>Purchasing | <ol style="list-style-type: none"> <li>3. Reviews and validates the request for a brand name/sole source Procurement.</li> <li>4. Researches the industry of the requested product, which may include issuing a Request for Information (RFI).</li> </ol>  |

**Brand Name and Sole Source Procurements 5.1.4**

- 5. Approves the request for brand name/sole source procurement for a limited period and under what conditions the authorization for brand name/sole source purchases must be reviewed for possible revision or rejects the request for brand name/sole source procurement and competitively solicits the requirement, develops contracts, and/or issues Purchase Orders.
