C. Mutual Commitments

(1) Performance Evaluation

- (a) Annual performance evaluations are an important way for the Boards and the CEO to ensure effective communications about expectations and performance.
- (b) The Boards recognize that for Flynn to respond to their needs and to grow in the performance of the CEO's job, Flynn needs to know how the Boards evaluate his performance.
- (c) To assure that Flynn gets this feedback, the Boards shall conduct an evaluation of the CEO's performance at least once each year. The Parties may use an outside facilitator paid by Boards to assist them in conducting this evaluation, at the option of the Boards.
- (d) The CEO and the Boards will create goals or other outcome measures on an annual basis that will provide the basis for determining the next year's performance results.
- (e) The annual review and evaluation shall be in accordance with specific criteria and goals developed jointly by the Boards and Flynn. Such criteria may be added to or deleted as the Boards may from time to time determine in consultation with Flynn.

Moreover, the Boards may recommend future adjustments to salary and benefits in their discretion and any such adjustments shall be subject to the terms of City Charter Sections 810.1(e) and 902, and subject to the City Council's approval. Absent any different process for adjustments to salary and benefits implemented by the Boards, the Boards will follow the City's annual general wage and merit increase process in effect for the Executive Management class of City employees (Unit 99). Flynn shall be paid at the same intervals and in the same manner as regular City employees.
- (2) All sums payable to Flynn hereunder shall be reduced by all federal, state, local and other withholding and similar taxes and customary payroll deductions required by applicable law.

To qualify for the reimbursement, Flynn shall submit to the Boards three bona fide written bids from commercial moving companies for the same goods and services. The amount of the reimbursement shall be the average dollar amount of the three bids. Such payment shall be made within thirty (30) days following receipt by the Chairs of the Boards sufficient documentary evidence (receipts) to establish the actual and reasonable expenses incurred. Moreover, the Parties incorporate by reference to Exhibit E attached hereto.

4. **SEPARATION**

A. **Administrative Leave**

The Boards may place Flynn on administrative leave when Flynn's temporary suspension from office would be in the best interests of the Boards, as determined by the Boards in their sole discretion. The administrative leave shall be effective as of the date set forth in a written notice delivered to Flynn. The Boards shall also deliver a copy of the notice to any other such other employee, determined by the Boards, who shall serve as Acting CEO during the period of administrative leave. Upon the delivery of the notice to Flynn, Flynn's duties under this Agreement shall be suspended as of the effective date stated in the notice but all other provisions of this Agreement shall remain in full force and effect. D. Severance Pay

Boards shall pay severance pay equal to six (6) months' base salary for involuntary termination by the Boards of Flynn's employment, without cause (as "cause" is defined in Section 4.E, below.) - (2) In the event the Boards terminate Flynn for cause, then the Boards may terminate this Agreement immediately, and Flynn shall be entitled to only the compensation accrued up to the date of termination, and such other termination benefits and payments as may be required by law or under this Agreement. Flynn shall not be entitled to any severance benefits provided by Section 4.D if terminated for cause.

POLICE & FIRE DEPARTMENT RETIREMENT PLAN CEO OF THE OFFICE OF RETIREMENT SERVICES CHARTER

INTRODUCTION & BACKGROUND

- 1) In accordance with the City Charter, the Board of Police and Fire Department Retirement Plan and the Board of the Federated City Employees Retirement System shall appoint and prescribe the duties of the Chief Executive Officer (CEO) and the Chief Investment Officer (CIO).
- 2) The CEO is the head of the Office of Retirement Services and is responsible for providing staff services to the Board as required for the Board to fulfill its duty to administer the Plan (2.04.3120; 3.32.040).
- 3) This Charter summarizes the responsibilities of the CEO and clarifies the delineation of roles among the CEO, the CIO, and the Board. It also summarizes key responsibilities of the CEO as described in the Plan's governing legislation.
- 4) Given the complex and changing nature of the Plan, it is neither realistic nor practical to believe that a single document can address every situation or activity that may arise in the governance and management of the Plan. This Charter attempts to provide a general framework for describing the role of the CEO and the CEO's relationship with the Board. The Board expects that should uncertainty arise concerning roles and responsibilities, the matter will be discussed, resolved and, where appropriate, documented in the appropriate policy for future reference.
- 5) In establishing this policy, the Board operates on the basis that its role should be focused primarily on setting policy and direction and overseeing the management of the Plan, and that the CEO will be responsible for managing the day-to-day operations of the Plan in accordance with policies and other controls established by the Board.
- 6) This policy describes various responsibilities of the CEO; it does not provide details or procedures on how the CEO is to carry out said responsibilities. Such details may be found in relevant policies or procedures.
- 7) All authority and responsibilities delegated or assigned herein to the CEO are subject to any parameters or controls that have been, or may be, established by the Board. Such parameters may take various forms including but not limited to policies, rules, directions, plans, and budgets.
- 8) The CEO may delegate, as appropriate, any and all of his or her duties, but shall remain responsible for supervising delegates to ensure proper completion of said duties.
- 9) Where the CEO is required herein to provide a recommendation to, or otherwise advise or inform, the Board, such recommendation, advice, or information may instead be provided to an appropriate committee of the Board as circumstances warrant.

DUTIES & RESPONSIBILITIES

Leadership & Management

- 10) The CEO shall manage and direct the day-to-day affairs of the Plan, including both the benefit and investment administration functions; implement all policies and decisions of the Board, and carry out all duties set out in legislation or this policy, or otherwise assigned to the CEO by the Board. In doing so, the CEO is expected to keep the Board apprised of all material information and developments in a timely manner.
- 11) The CEO is responsible for providing executive leadership for the Plan in regards to vision, strategy, and operations. In doing so, the CEO will solicit advice and counsel from the Board as appropriate.
- 12) The CEO shall have the authority to make all necessary expenditures for the sole benefit of the members and beneficiaries of the Plan, to manage the operations of the Plan and implement the policies and decisions of the Board, subject to applicable legislation, board policies, controls, and approved budgets.

Board Governance

- 13) The CEO shall be Secretary to the Board (2.08.1090) and as such is responsible for supporting the Board in managing its governance and meeting practices.
- 14) The CEO will co-ordinate and support the Board's internal and external educational activities, including board member travel.

Policy & Decision-making

 - c) Assist in the periodic review and updating of Board policies and decisions.
- 16) The CEO shall develop and approve all necessary operating procedures to guide staff and vendors in implementing board policy or direction. The CEO will inform the Board of such procedures as the CEO deems necessary, or as requested by the Board.

 - a) Ensuring all necessary due diligence is performed by staff or advisors in connection with vendors to be appointed by the Board; and furthermore that the Board is provided staff recommendations concerning such appointments;

- b) Selecting and appointing all vendors for which the Board has not retained selection or appointing authority, ensuring all appropriate due diligence is performed in connection with such decisions;
- c) Executing contracts with vendors of the Plan; and
- d) Supervising and directing all vendors on a regular basis.

Human Resources

- 18) Subject to City rules and regulations, and the exceptions noted below, the CEO shall manage the personnel of the Office of Retirement Services.
- 19) With the exception of the CIO, the CEO may appoint and prescribe the duties of the professional and technical employees and clerical employees employed in the office of retirement services. The CEO shall consult with the Board when appointing and prescribing the duties of the Chief Operating Officer and any other senior officers that may be required.
- 20) Though the Board, together with the Board of the Federated City Employees Retirement System, shall appoint and prescribe the duties of the CIO, the CEO shall work with the Joint Personnel Committee in the CIO recruitment and selection process.
- 21) With the exception of the CIO, when the CEO deems it necessary for the good of the service he or she may suspend without pay, demote, discharge, remove or discipline any such employee in the Office of Retirement Services subject to any applicable Civil Service provisions of the Charter and any Civil Service Rules adopted thereto; and shall advise the Board of such actions in a timely manner. - <https://www.siretirement.com/members/federated/active/know-your-benefits-active-federated/>

This section is just a summary of retirement benefits. The City's Municipal Code and/or City Charter provide the parameters of the City's retirement provisions.

Part-time and temporary employees are not eligible for membership in the City's retirement system, but participate in the "PTC" plan in lieu of Social Security wherein the City and the employee each contribute 3.75% of gross income to a defined contribution retirement account.

RETIREE HEALTHCARE

Employees may be eligible to receive retiree healthcare benefits, in accordance with the San Jose Municipal Code.

The City established a qualified 115 trust ("Trust"). Employee contributions will begin going into the Trust in time to avoid any potential of reaching IRS limits on the existing medical benefits account or upon receipt of a ruling from the IRS that the contributions can be treated as pre-tax, whichever occurs first.

New employees hired into full-time benefited positions in Unit 99 on or after September 29, 2013, and who elect to join Tier 2, will not participate in or be eligible for the defined benefit retiree healthcare program. The City will pay the unfunded liability contribution that these employees and the City would have otherwise paid had they gone into the defined benefit retiree healthcare program.

The City implemented a defined contribution retiree healthcare benefit in the form of a Voluntary Employee Beneficiary Association (VEBA). The plan does not provide any defined benefit, does not obligate the City to provide any specific benefit upon member retirement, and therefore creates no unfunded liability. This agreement does not require the City to contribute any future funds to an employee's VEBA, nor does it preclude an agreement to allow future City contributions.

Tier 1 and Tier 2A employees were given the ability to make a one-time election to opt-out of the defined benefit retiree healthcare plan into the VEBA. Those members who "opted out," and thus are not covered by the City defined benefit retiree healthcare plan, were mandated to join the VEBA plan.

Upon making such an irrevocable election to opt-out of the defined benefit retiree healthcare plan, an amount estimated to equal the member's prior retiree healthcare contributions, with no interest included, was contributed by the City to the member's VEBA plan account. Tier 1 and Tier 2A employees who opted-in to the VEBA will not have any on-going contributions into the VEBA.

Tier 2B employees will not be required to join the VEBA, or make on-going contributions to the VEBA, if they promoted into Unit 99 from a bargaining unit represented position whose contract previously required on-going VEBA contributions.

Deferred-vested Tier 1 members who return to the City of San Jose will be given a one-time irrevocable option to "opt out" of the defined benefit retirement healthcare plan. The City may transfer funds from the 115 Trust to the member's VEBA plan account.

- (a) Upon choosing to "opt out," they will become a member of the VEBA and their VEBA account will be credited for their estimated prior contributions to the retiree healthcare plan, without interest.
- (b) If they choose not to "opt out," they will return to the defined benefit retirement healthcare plan.

New employees hired into Unit 99 who elect to join Tier 3 are ineligible for the retiree healthcare defined benefit program or the VEBA.

DEFERRED COMPENSATION PLAN

To supplement retirement income, employees may put aside a percentage of gross taxable income up to a maximum set by Section 457 of the IRS code and have that money placed in investments on a tax-deferred basis.

Please contact Human Resources, Deferred Compensation Division for the current maximum amount that may be deferred.

Assets under this plan are available only upon retirement, separation from City service, or death. Additional contribution options are available to employees age fifty (50) and older and those within three (3) years of retirement.

HEALTH INSURANCE¹

The following healthcare cost structure for full-time employees shall begin in medical plan year 2019:

- a. **Medical Insurance Provider with Highest Overall Employee Enrollment.** The City will pay eighty-five percent (85%) of the full premium cost of the lowest priced Non-Deductible HMO Co-Pay Plan of the medical insurance provider with the highest overall employee enrollment for the employee or the employee and dependent coverage, and the employee pays fifteen percent (15%) of the full premium cost of the lowest priced Non-Deductible Co-Pay Plan of the medical insurance provider with the highest overall employee enrollment.
- b. **Medical Insurance Provider with Second Highest Overall Employee Enrollment.** The City will pay ninety percent (90%) of the full premium cost of the lowest priced Non-Deductible HMO Co-Pay Plan of the medical insurance provider with the second highest overall employee enrollment for the employee or the employee and dependent coverage, and the employee pays ten percent (10%) of the full premium cost of the lowest priced Non-Deductible Co-Pay Plan of the medical insurance provider with the second highest overall employee enrollment.
 - (i) Additionally, any Deductible plans offered by the medical insurance provider with the second highest overall employee enrollment and whose cost is below ninety percent (90%) of the full premium cost of the lowest priced Non-Deductible HMO Co-Pay Plan will be offered to full-time employees at no cost.
- c. **Medical Plans Other than the Lowest Priced Non-Deductible HMO Co-Pay Plans.** If a full-time employee selects a plan other than the lowest priced Non-Deductible HMO Co-Pay Plans described in Section 1(a) and Section 1(b) above, the employee pays the difference between the total cost of the selected plan and the City's contribution towards the lowest priced Non-Deductible HMO Co-Pay Plan of the medical insurance provider with the highest overall employee enrollment (as described in Section 1(a) above)

An employee may not be simultaneously covered by City-provided medical benefits as a City employee, and as a dependent of another City employee or retiree.

All available plans have a four (4) tier rate structure (Employee, Employee plus spouse/domestic partner, Employee plus Child(ren), and Family).

Additional information regarding medical plans is available on the Human Resources website.

¹ Reimbursement/contribution is prorated for part-time employees based on hours scheduled:

- 30 – 39 hours = 75%
- 25 – 29 hours = 62.5%
- 20 – 24 hours = 50%
- Less than 20 hours = none

DENTAL INSURANCE¹

The City will provide dental insurance for eligible employees and their dependents in accordance with one of the two available plans. Both of these plans are described in detail in the City of San Jose Employee Benefits Handbook and in pamphlets available in the Human Resources Department.

For full-time employees, the City will pay 100% of the lowest priced plan for the employee or the employee and dependent coverage. For any other plan, the City will pay 95% for the employee or the employee and dependent coverage.

All available plans have a four (4) tier rate structure (Employee, Employee plus spouse/domestic partner, Employee plus Child(ren), and Family).

An employee may not be simultaneously covered by City-provided dental benefits as a City employee, and as a dependent of another City employee or retiree.

HEALTH AND DENTAL IN LIEU

The purpose of the payment-in-lieu of health and/or dental insurance program is to allow employees who have alternative health and/or dental insurance coverage to drop the City's insurance and receive a payment in lieu. Effective as soon as practicable in Fiscal Year 2023-2024, employees who qualify for and participate in the payment in-lieu of health and/or dental insurance program will receive the following per pay period:

Health Insurance Tier	Health-in-Lieu	Dental-in-Lieu
Employee	\$102.00	\$6.65
Employee plus spouse/domestic partner	\$147.87	\$13.30
Employee plus Child(ren)	\$129.39	\$11.64
Family	\$221.84	\$19.95

A City employee who receives healthcare coverage as a dependent of another City employee or retiree shall be eligible for the employee only coverage for the payment-in-lieu of health and/or dental program.

An employee may choose, during open enrollment or within thirty days of a qualifying event, to drop health and/or dental coverage and receive a payment-in-lieu. To qualify, the employee must prove acceptable alternate group coverage and work 35+ hours/week.

VISION CARE

The City will contribute towards vision care benefits for eligible full-time employees up to \$16.00 per month (\$8.00 for 24 bi-weekly pay periods) or the cost of the premium, whichever is less, for coverage under a vision plan sponsored by the City. The employee shall pay the difference between the City contribution and the total premium of the vision care plan selected by the employee. All available plans will have a 4-tier structure (Employee, Employee plus Spouse/Domestic Partner, Employee plus Child(ren) and Family).

¹ Reimbursement/contribution is prorated for part-time employees based on hours scheduled:

- 30 – 39 hours = 75%
- 25 – 29 hours = 62.5%
- 20 – 24 hours = 50%
- Less than 20 hours = none

FLEXIBLE SPENDING ACCOUNTS - MEDICAL/DEPENDENT CARE

The City participates in Dependent Care Assistance and Medical Reimbursement Programs. Under these programs, employees may put aside up to \$5,000 in pre-tax income to pay for eligible dependent care and may set aside up to \$2,500 in pre-tax income for eligible medical care.

LIFE INSURANCE

The City shall pay the full premium for employee coverage equal to two (2) times the employee's annual salary. Additional employee coverage equal to two (2) times the employee's annual salary, up to \$750,000 of total coverage, is available at employee cost. Coverage for spouse and/or dependent children for policies of \$5,000 or \$10,000 is available at employee cost.

*Part-time and temporary employees **are not eligible** for this benefit.*

OPTIONAL BENEFITS

Optional benefits are available for employee, spouse/domestic partner² and children at employee expense. These optional benefits currently include but are not limited to:

- Vision Insurance (the City will contribute up to \$16 for vision care)
- Personal Accident Insurance
- Long Term Care Insurance ([Applications for LTC policies are no longer being accepted effective July 1, 2013](#))

Please contact Human Resources for more information.

LONG-TERM DISABILITY

Employees have the option to purchase long-term disability insurance which will subsidize their income in the event of a non-work related injury or illness. The City does not participate in the State Disability Insurance plan. Therefore, if an employee suffers a non-work related injury or illness and is unable to work, the employee would not receive any City compensation.

The City offers employees a choice of two long-term disability plans, one with a 30-day waiting period and another with a 60-day waiting period. Employees must use accrued leave balances to receive compensation during the waiting period when using the long-term disability benefit.

*Temporary employees **are not eligible** to purchase long-term disability insurance.*

EMPLOYEE ASSISTANCE PROGRAM

The City recognizes that professional counseling is an important benefit to assist employees in resolving personal and family issues which may otherwise affect the employee's job performance and well being. Through the Employee Assistance Program (EAP), licensed counselors are available to help employees resolve issues and identify strategies for coping with difficult situations.

The City will provide up to five (5) counseling sessions per incident per fiscal year at no cost to the employee.

*Part-time unbenefited and temporary employees **are not eligible** for this benefit.*

² A domestic partner, as referenced in sections above, must be the domestic partner registered with the Human Resources Department.

SUBSTANCE ABUSE PROGRAM

It is the policy of the City to maintain a safe, healthful and productive work environment for all employees. The City will act to eliminate any substance abuse which increases the potential for accidents, absenteeism, substandard performance, poor employee morale or tends to undermine public confidence in the City's workforce.

The Substance Abuse Policy prohibits employees from reporting to work under the influence of alcohol or drugs, exhibiting symptoms of alcohol or drug use, using, possessing, selling or providing drugs or alcohol while on duty, and employees shall not have the ability to work or be on paid standby when impaired as a result of the use of alcohol or drugs. Additionally, employees are required to notify their supervisor when any medication or drug they are taking could create an unsafe and dangerous situation. Employees may be requested to submit to a drug and/or alcohol analysis when there is reasonable suspicion that an employee is intoxicated or under the influence of drugs or alcohol.

The City offers self-referral and rehabilitation/treatment options for employees that may be experiencing a problem with alcohol and/or drug use. The City pays 70% of a first occurrence rehabilitation program and the employee pays 30% as approved by the Employee Assistance Program (EAP).

Please refer to CPM Section 1.4.2 for the complete policy.

*The Substance Abuse Policy applies to all employees; however, part-time and temporary employees **are not eligible** for the Employee Assistance Program benefit.*

Martin Luther King Day	Indigenous Peoples' Day
Lunar New Year	Veterans Day
Presidents' Day	Thanksgiving Day
Cesar Chavez Day	Day After Thanksgiving
Memorial Day	Christmas Eve Day
Independence Day	Christmas Day
Labor Day	

For employees in the Police and Fire Department who receive Holiday-in-Lieu compensation or where employees received a special pay adjustment in place of Holiday-in-Lieu compensation, there shall be no additional holiday compensation.

¹ Reimbursement/contribution is prorated for part-time employees based on hours scheduled:

- 30 – 39 hours = 75%
- 25 – 29 hours = 62.5%
- 20 – 24 hours = 50%
- Less than 20 hours = none

VACATION

Vacation accrues at the following rates for each paid hour (either worked or paid absence):

Years of Service	Annual Hourly Accrual (Full Time)
1 – 5	120 hours
6 – 14	160 hours
15+	200 hours

Employees may only accrue vacation up to a maximum of two (2) times their annual accrual rate. Once an employee reaches their maximum accrued vacation limit, the employee will not accrue vacation until their vacation balance falls below the maximum limit.

Years of Service	Maximum Accrued Vacation
1 – 5	240 hours
6 – 14	320 hours
15+	400 hours

Beginning calendar year 2024, employees may sell back up to a maximum of seventy (70) hours of accrued vacation per calendar year.

Internal Revenue Service (IRS) regulations require the City to report and withhold taxes on the value of the vacation time an employee is eligible to sell back. In order to ensure compliance with the IRS requirements and to avoid unanticipated tax consequences:

- Employees must elect the number of vacation hours they will sell back during a calendar year, up to the maximum of seventy (70) hours, by the end of November of the prior year. If an employee does not submit an irrevocable election form to Payroll on or before the end of November, the employee will not be eligible to sell back any vacation hours during the next calendar year.
- The election to sell back vacation hours in any year is irrevocable. This means that employees must sell back the elected number of accrued vacation hours during that year. If the accrued vacation hours are not sold back within the designated calendar year the employee will be deemed to have received the value of the vacation hours elected in that calendar year and will be taxed by the IRS accordingly.
- Employees can elect to sell back only vacation hours accrued during any given year, and any vacation hours accrued and carried over prior to that year are not eligible for sell back during that year.
- Any vacation hours accrued during that year will not be available for use until the employee's accrued vacation hours in that year equal the number of hours the employee has elected to sell back. Those vacation hours accrued in the given year over the number of hours the employee elected to sell back in the given year will be available for use by the employee. This means that hours elected for sell back may only be used for sell back purposes and cannot be used for vacation time off purposes.

Employees may use any vacation hours accrued and carried over prior to the given year, subject to the normal rules of requesting use of vacation.

VACATION ACCRUAL GUIDELINES FOR PRIOR PUBLIC SERVICE

The City Manager or designee is authorized to adjust the annual vacation accrual of an employee in Unit 99, hired on or after June 13, 2013, for the purpose of hiring or re-hiring that employee into City service. This action allows hiring managers to place new or rehired employees with prior public service credit at a vacation accrual rate commensurate with their total years of public service with the approval of the City Manager or designee.

Process/Guidelines

An employee's vacation accrual may be adjusted upon first hire or rehire date to provide the employee with credit for previous public service upon the approval of the City Manager or designee.

1. Credit for public service shall only be given for completed years of service as a full-time benefitted employee.
 - a) If an individual worked at a public service agency on a part-time benefitted basis, completed years will be based on the completion of 2,080 hours.
 - b) For example, if an employee has previously worked six (6) complete years in another public agency or a combination of public service and service with the City of San Jose, the City Manager or designee may authorize the employee to accrue vacation at the 6-14 annual hourly rate, which is 160 hours per year. The below table illustrates the Unit 99 vacation annual hourly accrual rates by years of service:

Years of Service	Annual Hourly Accrual (Full Time)
1 – 5	120 hours
6 – 14	160 hours
15+	200 hours

- c) Vacation accrual caps shall apply to the designated annual hourly accrual rate.
2. Public service credit shall not apply to any other benefits.
3. The employee has the responsibility to prove certification of previous public service from the employer's previous employer(s), if so requested.
 - a) A public service agency may be defined as a(n) International Federal, State, City, County, Special District, or other publicly funded agency that provides programs, goods, or services. A public agency is not defined as a not-for-profit organization or non-governmental organization that relies on donations and volunteers to operate.

EXECUTIVE LEAVE¹

Effective payroll calendar year 2024, each full-time employee shall be entitled to an additional eight (8) hours of executive leave hours which is granted in recognition that City employees may wish to observe a personal holiday that is not observed by the City. Executive leave is a benefit awarded as hours/days off,

¹ Reimbursement/contribution is prorated for part-time employees based on hours scheduled:

- 30 – 39 hours = 75%
- 25 – 29 hours = 62.5%
- 20 – 24 hours = 50%
- Less than 20 hours = none

up to a maximum of forty-eight (48) hours/ six (6) days during a payroll calendar year. Executive leave is not an accrued benefit and unused leave does not carry over from year to year.

The Management Performance Program (MPP) provides that employees may receive up to forty (40) hours of additional executive leave.

When an employee is hired into a position eligible for executive leave, the leave may be prorated during the first year, dependent upon the hire date.

When an employee is hired or promoted into a position eligible for executive leave, the leave will be prorated during the first-year dependent upon the hire date.

Start Date in Position	Hours of Executive Leave
January 1 – February 28 (February 29 on a Leap Year)	48 hours
March 1 – April 30	40 hours
May 1 – June 30	32 hours
July 1 – August 31	24 hours
September 1 – October 31	16 hours
November 1 – End of Payroll Calendar Year	8 hours

An employee who is promoted or demoted into a position in Unit 99 will have the number of Executive Leave hours they receive upon promotion or demotion reduced on an hour-for-hour basis based on their usage of Personal Leave and/or Executive Leave within the same payroll calendar year.

An employee on a reduced work week schedule will receive executive leave as indicated in the chart below even if the actual hours worked exceed that amount.

Scheduled Work Hours per Week	Benefit Level	Hours of Executive Leave
35-39.9 hours per week	100%	48 hours
30-34.9 hours per week	75%	36 hours
25-29.9 hours per week	62.5%	30 hours
20-24.9 hours per week	50%	24 hours
Less than 20 hours per week	Unbenefited	None

Further details related to Executive Leave, including details related to the use of the four-hour rule, are contained in City Administrative Policy Manual 4.2.4, Executive Leave and Absence Policy.

SICK LEAVE

Paid sick leave accrues at a rate of 0.04616 for each paid hour (either worked or paid absence). For a full-time employee, this equals approximately one (1) day per month. Accrued sick leave may be used for the care related to the illness or injury of employee’s child, mother, father, spouse, or domestic partner².

² A domestic partner, as referenced in sections above, must be the domestic partner registered with the Human Resources Department.

Up to a total of forty-eight (48) hours of accrued sick leave per calendar year may be utilized if the employee is required to be absent for the care related to the illness or injury of the employee's grandparent, grandchild, brother, sister, father-in-law, mother-in-law, step-father, step-mother, step-child, or designated person as defined in the City Policy Manual 4.2.1, Leaves of Absence Policy.

SICK LEAVE PAYOUT

Members of the Federated Retirement System hired on or before September 29, 2012, and who retire with at least fifteen (15) years of service are eligible to receive, upon retirement, payout for a portion of their unused earned sick leave at the rate described below:

Accrued Sick Leave Hours	Sick Leave Payout
0 – 399 Hours	50% of final hourly rate
400 – 799 Hours	60% of final hourly rate
800 – 1,200 Hours	75% of final hourly rate

Effective June 22, 2013, for purposes of sick leave payout, an employee's sick leave balance and hourly rate shall be frozen. This means that an employee will receive no more in sick leave payout after having met the requirements contained herein than they would have been entitled to on June 22, 2013. Any sick leave usage after June 22, 2013, will come first from the sick leave balance accrued after June 22, 2013. An employee will continue to accrue sick leave after June 22, 2013, but it may not be used for sick leave payout purposes.

- For example, if an employee's hourly rate is \$40 and their sick leave balance is 1,000 hours on June 22, 2013, if they meet eligibility requirements, they shall receive payout of their sick leave balance at the time of retirement using the formula above, but no more than 1,000 hours and at an hourly rate of no more than \$40. This will occur even if the employee has subsequently earned more than 1,000 hours in sick leave or received a pay increase so that their hourly rate is higher than \$40. In this example, if the employee does not have available sick leave to use that was accrued after June 22, 2013, and uses sick leave and reduces their sick leave balance on June 22, 2013, to 800 hours, they will only be entitled to a sick leave payout of 800 hours, regardless of any sick leave accrued after June 22, 2013. This means that if sick leave payout hours are reduced by usage, they are not able to be reestablished in the sick leave balance subject to payout.

Employees hired on or after September 30, 2012, shall not be eligible for any sick leave payout.

Part-time and temporary employees are not eligible for this benefit.

MILITARY LEAVE

Persons employed by the City engaging in active military duty for training or other purposes may be provided paid military leave for up to thirty (30) calendar days per fiscal year. In addition, under certain circumstances the City may provide Supplemental Salary and benefits for eligible employees. Please refer to CPM Section 4.2.2 for additional information.

DISABILITY LEAVE

Employees will be allowed to integrate accrued vacation and accrued sick leave once vacation has been exhausted. No employee shall receive an amount, including any temporary disability payments, in excess of their regular salary.

MODIFIED DUTY

Employees shall be voluntarily separated from City service if the City offers the employee temporary modified duty at identical or similar rate of pay, within the employee's medical limitations, and the employee refuses or fails to accept duty for which he or she is physically qualified. Any such separations will comply with applicable laws.

LEAVES OF ABSENCE

Unpaid leaves of absence may be granted for up to twelve (12) months, with possible extension of up to six (6) months. (Employees on unpaid leave may continue their insurance benefits by paying full premiums.) Please refer to CPM Section 4.2.1 for program details.

CITY-PAID PARENTAL LEAVE

Full-time employees shall be eligible for City-paid parental leave and are subject to the terms and conditions of the City of San Jose's Paid Parental Leave Policy.

Effective January 1, 2023, for eligible births, adoptions, or foster care placements, full-time employees will receive a maximum total of three hundred and twenty (320) hours of paid time off and shall be eligible to use up to a maximum total of one-hundred and twenty (120) hours of their available sick leave for City-Paid Parental Leave reasons.

- For the period of January 1, 2023, through August 15, 2023, no retroactive timecard adjustments will be allowable and any additional City-paid parental leave hours as provided for herein may only be used on a prospective basis.

City-Paid Parental Leave and the use of available sick leave balances for City-Paid Parental Leave reasons must be used and completed no later than 12 months from the birth or placement of a child.

BEREAVEMENT LEAVE

Employees shall be entitled to use bereavement leave for up to five (5) days due to the death of a qualifying relative or their spouses' or domestic partners' qualifying relative. The days of bereavement leave need not be consecutive. Each full-time or benefited part-time employee shall be granted bereavement leave with full pay for up to forty (40) hours to attend to the customary obligations arising from the death of any of the following relatives of such employee or employee's spouse or employee's domestic partner². Due to the employee's regular work schedule, if the five (5) day entitlement exceeds forty hours, employees may supplement the remaining time off using their accrued leave balances, including, but not limited to, sick leave.

All leave must be used within three (3) months following the death of an eligible person. Under extreme circumstances, the 3-month requirement may be waived by the Director of Employee Relations. The decision of the Director of Employee Relations shall be final with no process for further appeal.

Qualifying employee or employee's spouse or employee's domestic partner relatives are as follows:

- Parent/Step parent
- Spouse/Domestic partner²
- Child/Step child
- Brother/Sister
- Grandparent/Step-grandparent
- Grandchild
- Great grandparent
- Son/daughter in-law

² A domestic partner, as referenced in sections above, must be the domestic partner registered with the Human Resources Department.

- Step Brother/Step Sister
- Half Brother/Half Sister
- Brother/sister in-law

JURY DUTY LEAVE

Each full-time employee, or each part-time employee who is eligible for benefits, who is required to take time off from duty to serve as a juror in any Court of this State, or of the United States of America, shall receive the regular base compensation less all jury fees received, excluding mileage. Each employee receiving a notice to report for jury service shall immediately notify the immediate supervisor.

TIME DONATION PROGRAMS

The City has Time Donation Programs, which allow employees to donate accrued vacation to fellow employees under special circumstances. An employee must meet the criteria established under the Time Donation Policy to receive time donations. Please refer to CPM Section 4.2.10 for additional information.

SPECIAL PREMIUM PAYS

At the City Manager's discretion, special premium pays may be given to those employees in the classifications of Police Chief, Assistant Police Chief, Fire Chief, Assistant Fire Chief and/or Deputy Fire Chief. The City Manager may tender special premium pays either as separate special pays or roll them into the base pay for employees in these classifications.

TECHNOLOGY STIPEND

Effective June 25, 2023, eligible full-time and part-time benefitted employees in Unit 99 will receive a monthly Technology Stipend in the amount of \$90. The Technology Stipend shall be in lieu of any Cellular and/or Data Plan Stipend that any employee may be receiving or may have been eligible for.

WORKING IN A HIGHER CLASSIFICATION

For employees in Unit 99, higher class pay shall be paid based on all pensionable hours reported. Employees shall not receive the rate of compensation, however, unless the assignment is for a minimum of 2 full pay periods.

Exhibit D

Exhibit B

Flexible Workplace Policy

4.2.14

PURPOSE

This policy contains guidelines for the City of San Jose's Flexible Workplace Program. The guidelines and requirements described in this policy are applicable to those City employees participating in the City's Flexible Workplace Program.

The Flexible Workplace Program is intended to:

- Attract and retain employees by remaining competitive with the changing workforce and increasing employee job satisfaction
- Support employee work/life balance; however, it is expected that employees working remotely will have adequate child/eldercare, as needed, to minimize distractions that would not otherwise exist at the employee's worksite
- Reduce the workforce carbon footprint by allowing employees to commute to a City facility/worksite less often
- Decrease traffic congestion by allowing employees to travel during non-peak hours
- Increase employee job satisfaction
- Protect employee health and safety and reduce the risk of exposure to communicable disease, when necessary
- Allow for the continuity of government services in the event of an emergency

POLICY

The Flexible Workplace Program allows employees to enter into an agreement to schedule portions of their work week away from their regular worksite. Participating employees would work a full workday, but the Flexible Workplace Program allows start and end times and the number of hours in the office to be scheduled differently between individual days of the week. If an employee is also on an Alternative Work Schedule, that schedule must also be approved pursuant to City Policy Manual Section 4.2.11, [Alternative Work Schedules Policy](#).

An ongoing Flexible Workplace schedule (affecting one or more days a week) must be approved before it commences, and shall be combined with days and hours worked at the worksite. Under special circumstances or in the event of a declared emergency, employees who are able to work a majority or all of their scheduled hours remotely may be required to do so.

Employees who occasionally work remotely can do so with supervisory approval and will be compensated according to their applicable MOA. The Flexible Workplace Program is not intended to discourage or supplant these infrequent and/or varied arrangements employees make with their supervisors.

The inability to enter into a Flexible Workplace agreement with an employee shall not be subject to the grievance procedure under the employee's applicable bargaining unit agreement.

The duties, obligations, responsibilities and conditions of a Flexible Workplace participant's employment with the City remain unchanged. The participating employee's salary, retirement, benefits and City-sponsored insurance coverage shall remain unchanged. Participants remain obligated to comply with all City, State and Federal rules, policies and practices including, but not limited to, City Policy Manual Section 1.2.1, [Code of Ethics Policy](#). Flexible Workplace participants and their supervisors remain obligated to comply with all City of San Jose rules, regulations,

policies, procedures, MOA provisions and the Fair Labor Standards Act (FLSA). The violation of any of the above and/or the misuse of City time or any City-provided equipment may result in preclusion from the Flexible Workplace Program and/or disciplinary action, up to and including dismissal from City service.

Eligibility

When recommending approval, a supervisor should consider whether the employee is on probation in the current classification, and if so, whether working remotely will allow the supervisor to provide an appropriate amount of training, guidance, and oversight to the employee. For employees who have completed probation in their current classification, supervisors should consider when recommending approval whether the employee's recent performance is indicative of the employee's ability to work remotely.

While working remotely, an employee's performance is expected to meet their supervisor's expectations prior to and during any flexible work arrangement. If an employee's performance no longer meets expectations, then the supervisor and department are expected to rescind approval for the employee to work remotely.

Employees participating in the Flexible Workplace Program must be able perform their job duties as productively offsite as they do at their designated worksite. Employees' participation in the Flexible Workplace Program should also not lower the level of service delivery for the participant's work unit. Employees must have adequate internet and telecommunications capabilities to perform job requirements. Positions, especially ones that are chiefly focused on field work or that are directly customer facing, may not be compatible with the Flexible Workplace Program. However, efforts should be made to evaluate whether a portion of an employee's work duties that are compatible with working remotely can be scheduled as part of the Flexible Workplace Program.

Location

Generally speaking, an employee must continue to reside in and work from a location within the State of California.

Flexible Workplace Approval

City employees may apply for the Flexible Workplace Program by completing a [Flexible Workplace Agreement](#) and submitting it to the employee's supervisor.

The Flexible Workplace Agreement is a document that acknowledges a clear understanding of the roles and responsibilities between a participating employee and their supervisor. The employee must also be granted Remote Access to participate. Please see City Policy Manual Section 1.7.3, [Remote Access](#) for more information.

Approval is granted when the Flexible Workplace Agreement is signed by the employee, the employee's supervisor, manager, and Department Director or designee.

In the event of an emergency, Department Directors may determine that employees are required to perform all or some of their duties remotely. Employees are expected to abide by the Flexible

Flexible Workplace Policy**4.2.14**

Workplace Policy and to any other specific written instructions provided by the City and their department.

Concerns that an application was denied, or an agreement was rescinded for inappropriate reasons, may be raised to the Office of Employee Relations, but such decisions are not grievable.

Termination of Participation

The Flexible Workplace Program is a cooperative effort between the employee and the department. It is not an entitlement.

- The Flexible Workplace Program is entirely voluntary and may be suspended or canceled by the employee or the City/Department at any time. Termination of participation in the Flexible Workplace Program is administrative and the decision may not be subject to the grievance procedure or appealed.
- If an employee's Flexible Workplace Agreement is revoked due to previously communicated performance concerns, the department shall provide the employee with written performance targets. The employee's performance shall be evaluated over a period of 90 days following the revocation of the Flexible Workplace Agreement. If the employee has consistently met the performance targets provided by the department over the period of 90 days, then the employee shall be eligible to resume their previously agreed to Flexible Workplace Agreement, absent any operational needs from the department.

Scheduling

The operational needs of the City take precedence over an employee's Flexible Workplace schedule. The Flexible Workplace schedule shall be governed by the following guidelines:

- The flexible workplace schedule may be consistent or may vary by mutual agreement between the employee and supervisor depending on the operational needs of the department.
- Flexible Workplace Program participants shall be as accessible as their onsite counterparts during their agreed upon regularly scheduled hours of work (i.e. Flexible Workplace Program participants shall be available for phone calls, meetings by video, and/or electronic communication within the hours specified in the Agreement and designated as the work schedule).
- Flexible Workplace Program participants are required to maintain regular communication (e.g., by phone, by email, etc.) with their supervisors during the employee's regularly scheduled hours of work pursuant to the provisions of the Flexible Workplace Agreement. Supervisors may provide more specific responsiveness requirements if they so choose.
- On any specific day, the employee should use good judgment on whether it is advisable to forgo offsite work in order to be at the regular worksite based on the nature of one's work that day. It is the employee's responsibility to communicate with their supervisor in advance of coming in on an unscheduled day and departments/supervisors will determine what communication is required.

Flexible Workplace Policy**4.2.14**

- The flexible workplace schedule may consist of full workdays at an onsite location (i.e., City facility or assigned location in the field), full workdays at an offsite remote location (i.e., an employee's home), or portions of workdays at an onsite location and at an offsite location. Generally speaking, travel to and from an employee's offsite (home) remote location is not compensable and does not count toward completing the employee's workday if their time on a given day is split between the onsite and offsite remote locations.
- A Flexible Workplace Program participant must agree to work in the office or at the worksite on a day regularly scheduled for remote work if working remotely would not be practicable because of the specific needs of the department, workgroup, assignment, or project for the day(s).
- If the department deems it necessary that the employee be required to report to an onsite location on a scheduled offsite remote workday, the Flexible Workplace Program participant should be provided reasonable notice. If such notice is given, the employee's worksite on that day will be the onsite location. However, unforeseen circumstances may arise and a supervisor/department may require the employee to report to an onsite worksite immediately or later that same day. In these instances, travel to the onsite location during the employee's regularly scheduled working hours is compensable if notice is provided at the start of or during the employee's scheduled work shift. Travel home after the work shift ends is not compensable.

Flexible Workplace participants may be required to work beyond the customary 40 hours per week to ensure successful completion of job responsibilities. City policies regarding overtime pay and the application of Fair Labor Standards Act (FLSA) rules will also apply to employees participating in the Flexible Workplace Program. For all hourly or FLSA non-exempt employees, overtime work must be preauthorized by the supervisor/manager.

Time Accountability

Employees are responsible for promptly responding to their supervisor and teams during work hours. Where a message is urgent, employees shall respond within 30 minutes.

The actual time worked by the employee, as established by the Flexible Workplace Agreement, must be accurately recorded on their timesheet. Fraudulent time reporting is subject to discipline, up to and including dismissal from City service.

Work Environment

The Flexible Workplace participant's workstation is an extension of the City's workspace. Participants shall have a designated workspace approved by the City and maintained by the employee. An employee's remote workspace must be maintained in a safe condition, free from hazards and other dangers to the employee and the work equipment. This workspace is subject to inspections, upon request, to ensure that safe work conditions exist. If the City has deemed that the employee requires a modified workstation in their main place of work, their home workstation must be similarly modified. The participant will be responsible for any cost related to remodeling and setup of the designated workspace.

Flexible Workplace Policy**4.2.14**Phone Number

Employees are required to be available for verbal conversations while working remotely. Depending on the nature of one's work, an employee may have the ability to make and receive telephone calls through computer-based software and/or via programs such as Zoom or Teams.

For employees with assigned desk phones, the employee may forward their City-assigned phone number to an accessible phone while working away from their City workspace. If the employee has not forwarded their City-assigned phone number to another number, the employee shall make an alternative phone number available to City employees and customers as needed and shall check their City-assigned phone number regularly for voicemails (i.e., not less than twice per eight-hour shift or at a more regular interval as defined by the employee's supervisor).

Equipment, Equipment Maintenance, Repair and Replacement

Any equipment and/or software provided to the employee for remote use shall remain property of the City. The use of equipment, software, data, and supplies, when provided by the City for use at the Flexible Workplace location, is limited to the employee and only for purposes relating to City business. When City equipment is provided, the employee is responsible for seeing that the equipment is properly used and secured. The City shall provide for repairs to City equipment unless the damage is due to the employee's negligence.

Security Information is a valuable City asset and must be protected from unauthorized, incorrect or accidental access, use modification, destruction or disclosure. Flexible Workplace participants will be held accountable for securing information by taking reasonable and prudent measures to safeguard information on a routine basis in accordance with City Policy Manual Section 1.7.6, the [Information Security Policy](#). Flexible Workplace participants shall store City files in a secured space while working offsite. Please see City Policy Manual Section 1.7.3, [Remote Access](#), for more information.

Expenses

The following are guidelines governing expenses for participating employees:

- Unless otherwise indicated by the department, expenses for long distance calls made out of the designated office location shall be the responsibility of the employee. Out-of-pocket expenses for supplies shall not be reimbursed unless prior approval by the Department Director or designee is obtained.
- All Internet related expenses shall be the responsibility of the employee.

An employee's expenses, in which an employee has requested reimbursement, not specifically covered in this policy must be pre-approved by the employee's department.

Employees accessing the City's network must follow the guidelines set forth in City Policy Manual Section 1.7.1, [Use of E-Mail, Internet Services, and other Electronic Media](#).

Flexible Workplace Policy

4.2.14

Workers' Compensation

Flexible Workplace Program participants are covered under the City's Workers' Compensation Insurance Program. Since the employee's remote workspace shall be considered an extension of the City's workspace, the City's Workers' Compensation liability for job related accidents or injuries shall continue to exist during the employee's Flexible Workplace Program work hours. The employee remains liable for injuries to third-party persons and/or members of the employee's family on employee's premises. Any injury or illness that may be related to work-related activities should be immediately reported by the employee to their supervisor so that Workers' Compensation can determine compensability.

Safety Requirements

The City/Department may require that a supervisor or appropriate person conduct a safety inspection of the Flexible Workplace participant's home or remote office. Employees are encouraged to view the City's [safety and ergonomics materials](#) to ensure that their flexible workspace is properly set up.

All work-related vendors or outside individual visits to the employee's home, remote office are strongly discouraged. However, if there is an articulable need, such visits must be approved by the City/Department Director or designee prior to conducting City business at the employee's home or remote office.

Monitoring and Evaluation

Productivity needs to be measured to ensure that the Flexible Workplace Program is achieving its objectives to increase or maintain employee productivity, reduce carbon emissions, support work/life balance, increase job satisfaction, and retain and attract employees. Since not every task can be quantifiably measured, the supervisor should establish clear expectations and guidelines.

In addition, each department will designate a representative to coordinate the participation in the Flexible Workplace Program within their respective department. This representative will be responsible for their department's program evaluation such as monitoring changes in employee retention and absenteeism, changes in required parking spaces, and reports of employee productivity. The Office of Employee Relations will serve as the designated recordkeeper of Citywide participation in the Flexible Workplace Program.

Tracking

The Office of Employee Relations will maintain record of employees who have approved Flexible Workplace Agreements. A list of employees who have an approved agreement will be provided to a bargaining unit upon request once an automated business process for applications is developed and implemented.
