Brief summary of information and knowledge gained:

Venture investing, inflation and geopolitical issues, DEI initiatives, cryptoVC,
making an impact - women and BIPOC founders investing in growing market
segments of minorities and POC

Evaluation of the event:

Panels constructed with relevant themes, and keynotes were CIOs/founders/
partners with deep experience to share. I found most useful the peer to peer
sessions with LPs and networking events, where themes were discussed
candidly and openly.

Recommendation concerning future attendance:

Recommend to women staff members and trustees
