

FEDERATED CITY EMPLOYEES' RETIREMENT SYSTEM BOARD OF ADMINISTRATION CHARTER

INTRODUCTION & BACKGROUND

- 1) The Board recognizes the need to establish clear roles for the Board and, by extension, senior staff in connection with the governance, management, and oversight of the System. This Charter is intended to provide such clarification. It summarizes key responsibilities of the Board as described in the System's governing legislation. Equally important, it clarifies other responsibilities of the Board that are not contained in the governing legislation, but which the Board believes are consistent with the governing legislation and necessary to support and promote effective governance.
- 2) Given the complex and changing nature of the System, it is neither realistic nor practical to believe that a single document can address every situation or activity that may arise in the governance and management of the System. This Charter instead attempts to provide a general framework for describing the role of the Board and its relationship with senior staff. The Board expects that should uncertainty arise concerning roles and responsibilities, the matter will be discussed, resolved and, where appropriate, documented in the appropriate policy for future reference.
- 3) In establishing this Charter, the Board operates on the basis that its role should be focused primarily on setting policy and direction and overseeing the management of the System, and that senior staff will be responsible for managing the day-to-day operations of the System in accordance with policies and other controls established by the Board.
- 4) This Charter describes various responsibilities of the Board; it does not provide details or procedures prescribing how the Board is to carry out those responsibilities.¹ Such details may be found in other relevant policies of the Board.

BOARD OPERATIONS

- 5) The Board will operate in accordance with applicable legislation, City requirements, and other rules and policies established by the Board. These include but are not limited to:
 - a) The presence of a majority of ~~voting~~ member seats on the Board, filled or vacant, shall be necessary to constitute a quorum for the Board to take action, although a lesser number may adjourn from time to time. ~~(SJMC § 3.36.330).~~
 - b) The Board shall hold regular monthly meetings at a time and place to be determined by the Board. ~~(SJMC § 3.36.330).~~
 - c) The meetings of the Board shall be open to the public and noticed and held in accordance with the Ralph M. Brown Act (Gov't. C. §§ 54950 *et seq.*) and City Sunshine Requirements.
 - d) The Board shall act by resolution, order, or motion. ~~(SJMC § 3.36.330).~~
 - e) The Board shall keep minutes of its public meetings.

¹ For purposes of this Charter, the City Council appointed non-voting, non-fiduciary member shall not be considered a member of the Board. (SJMC § 2.08.170)

DUTIES & RESPONSIBILITIES

- 6) The Board has various powers and responsibilities assigned to it in the City Charter and Municipal Code. Accordingly the Board, directly or through its committees, will carry out such powers and responsibilities, including but not limited to:

- 8) Consistent with the powers and authority set out in the City Charter, Municipal Code, and California Constitution, the Board recognizes that good governance demands that the Board, directly or through its committees, carry out the responsibilities set out below.

Policy & Decision-making

- 9) The Board can most effectively direct the System and exert control over the System by establishing prudent policies and controls. Accordingly, the Board is responsible for adopting policies pertaining to material aspects of the System. Examples of such policies appear throughout the balance of this Charter. Such examples however are not intended to limit the generality of the Board's policy-setting responsibilities.
- 10) The Board is required by law to make certain decisions involving the management of the CEO and CIO of Retirement Services jointly with the Board of the Police and Fire Department Retirement Plan. The Boards have approved guidelines for dealing with situations where the Joint Personnel Committee and/or the two ~~boards~~ Boards cannot come to an agreement. Said guidelines are contained in the ~~Charter of the~~ Joint Personnel Committee Charter as well as in the sections provided below, titled "Joint Personnel Decisions Between the Boards" and "Joint Non-Personnel Related Decisions Between Boards." ~~(See Joint Personnel Committee Charter)~~
