Virtual Program: CALAPRS Principles for Trustees August 18, 25 & 26, 2020

Online program featuring abbreviated sessions from CALAPRS popular annual program for new public pension fund trustees

About the Program

Due to the restrictions on gatherings in California, the in-person Principles of Pension Governance for Trustees program held at Pepperdine University has been postponed until 2021. However, to continue CALAPRS' mission of providing education for trustees during these unprecedented times, we have arranged with our faculty of subject-matter experts to present abbreviated versions of several key educational topics from this program in a online format via Zoom in August 2020.

Who Should Attend?

The course is for Trustees. Attendance is recommended within the first year after assuming office. Experienced Trustees are welcome to use the program as a comprehensive refresher course.

Program Schedule

Trustees may register for the full series or individual sessions below:

Tuesday, August 18

8:30am-10:00am

Fiduciary Duty and Sound Decision Making

Presented by: Chris Waddell, Senior Counsel, Olson Remcho
