

OFFICE OF RETIREMENT SERVICES

# ADA Title II & WCAG Accessibility Compliance

Meeting guidance for trustees, presenters, and staff

August 2026

# In-Person & Remote Participation

## TRUSTEES

*Capture who spoke, what was discussed, and what was decided — in person or remote.*

### In-Person

- State your name at roll call.
- Ensure your mic is on.
- Move close to the mics.
- Speak one at a time.

### Remote

- Raise your hand; state your name once unmuted.
- Use a reliable mic.
- Speak one at a time.

### Motions

- Clearly state the motion.
- Chair repeats each motion for the record.

*Suggested phrase:*

“Trustee [Name], I have a question regarding Agenda Item 1.6(b).”

*For every motion:* announce the motion, identify mover & seconder, and state whether it passed.

# Prepare Accessible Materials

## PRESENTERS

*Accessibility starts before the meeting, not while presenting.*

### Slides

- Use large text and strong contrast.
- Keep one idea per slide; avoid clutter.

### Visuals

- Add alt text to charts and images.
- Don't use color alone (e.g., highlights) — add a label or icon.

### Files

- Ensure the presentation file is ADA compliant.
- Ensure presentation file remains in accessible format.

# During the Meeting

## PRESENTERS

*Speak clearly to help everyone follow the presentation content.*

### Open Accessibly

- Introduce yourself and your role.
- Provide context to your presentation

### Present Clearly

- Announce each slide title.
- Describe key visuals on each slide.

### Answer Questions

- Repeat or summarize the question.
- Answer clearly and at a steady pace.

*If it's important enough to be on a slide, it's important enough to describe.*

# Meeting Coordination

## STAFF

*Behind-the-scenes steps that make the meeting accessible for everyone.*

### Files & Materials

- Confirm agenda materials are ADA compliant before the meeting.
- Attach documents in accessible formats (e.g., PDF/A).

### Captions & Recording

- Turn on open captions in Zoom for real-time access.
- Record the meeting and save the recording.

### Post-Meeting

- Review meeting transcript for accuracy.
- Post an accurate transcript and recording after the meeting.

# Four Best Practices for Everyone

## KEY TAKEAWAYS

**Identify yourself**

Say your name before speaking.

**Speak clearly**

Use the mic and a steady pace.

**Be specific**

Name the item, section, or page.

**Provide context**

Describe key visuals
